

JUDY'S JOURNAL

Psalm 37:23 The steps of a good man are ordered by the Lord, And He delights in his way.

Once in a while new friends come into your life and immediately you feel like they have always been there. Well that's the case with Marla and Chad Rowe, pastors of the new and thriving Destiny World Outreach Center in Killeen, Texas who hosted a weekend to honor our mutual friend Evangelist Leo Price with a 45th year celebration of his music and ministry.

Friends showed up from across the United States along with the local Texans who were generous in hosting the out of town guest who had come to honor Leo and have a great time singing, preaching and of course to enjoy great Texas food.

Premiere gospel organist Orvelle Phillips, pastor of The Lord's Church from Bellflower, CA (TBN Nancy Harmon's Love Specials) thrilled us with his gospel evangelistic style music on the MP3 Hammond organ equipped with Leslie speakers known through-out the revival years as a must have; the anointed background music for Leo and friends Charles King and David Barnard. David Haynes of Oklahoma City (Johnnie's Charcoal Broiler) and Don Young pastor from Columbus, Ohio brought moving messages to honor their friend Leo Price.

Sitting with me at our beautifully decorated table were old friends David & Linda Barnard, Don, Cathy and April Young, and David & Connie Velasquez (daughter Jaci Velasquez). What a pleasure it was to reminisce about the wonderful times we had shared in ministry in our California days. David Velasquez traveled with his family group The Latino's while I traveled with my sisters Sharon and Linda Peck as the Sunshine Sisters. We often performed dates together: our travels took us as far back as 1968 and as far away as Brazil.

On Sunday it was a blessing to be in the main service and worship under Pastor Marla Rowe with her beautiful and anointed voice. She has just completed a live CD with her church choir produced by David Binion who along with his talented wife Nicole brought the special music for the weekend. David Binion is one of my favorites and gospel music's most acclaimed songwriters who also penned one of the Nelons most requested songs "Oh for a Thousand Tongues."

Congratulations to our friend Leo Price on this milestone of 45 years past and blessings for the years ahead. Bless you Pastors Marla and Chad for this outstanding weekend. I love my new worship CD of "Marla Rowe Live At Destiny" and suggest that everybody should have one.
